WHAT IS THE CLIMATE LIKE ALONG THE NORTHERN COAST?

The Guanacaste region, known as the Gold Coast, has an average coastal area temperature of 82°F. Temperatures are consistent all year long, with slightly lower temperatures and almost no rain during the dry season (December through April). Steady trade winds make the warmer summer months pleasurable. Rainy season goes from May to November, which means a few showers for a couple of hours mostly during the afternoon. Year-round, the evenings bring cooler temperatures and a refreshing breeze.

WHAT LANGUAGES ARE SPOKEN IN COSTA RICA?

Spanish is the primary language, though English is widely spoken throughout the country.

HOW DO I RENT A CAR IN COSTA RICA?

Multiple U.S. car rental companies are located at Liberia International Airport. A valid U.S. Driver's License is required to rent vehicles. For your convenience, there is an on-site Avis car rental office at the El Mangroove Hotel.

CAN A NON-RESIDENT BUY PROPERTY OUTRIGHT IN COSTA RICA?

Yes; non-residents can buy private land outright in Costa Rica just like in the U.S. and there are no restrictions.

The only exception is the area which is 125 yards from the ocean called concession land. Concession land is owned by the Costa Rican Tourism Institute, ICT, which grants a purchaser all of the use rights to the land for a specific period of time and then it is automatically renewed.

WHAT IS THE PURCHASE PROCESS AND HOW LONG DOES IT TAKE?

Once you have selected your Residence(s), a binding Purchase and Sale Agreement is executed and a deposit of 20% of the purchase price is made to reserve your chosen property. An additional 30% is required at commencement of construction. The remaining balance will be paid at completion of the Residence. Title will be delivered once final balance is paid at closing.
